

NG | STONE
PORCELAIN SLABS

Dayanıklılığı, estetiği ve inovasyonu yaşamın bir parçası haline getiren NG Stone, kullanıcı dostu özellikleri ile seramiğin sınırlarını aşıyor.

NG Kütahya Seramik'in ustalık eseri olan NG Stone, Türkiye'nin kapalı alanda en büyük granit seramik üretim kapasitesine sahip fabrikalarında hayat buluyor.

160x320 cm ve 80x320 cm ölçülerine, 6 mm ve 12 mm kalınlıklarına sahip, ezberlerin dışında yepyeni bir deneyimle buluşmak isteyenlerin tercihi NG Stone, iç ve dış mekânlar başta olmak üzere tezgah, lavabo, mutfak dolabı ve TV arkası gibi kullanım alanları ile seramiğin standartlarının ötesinde, hayal gücünüzü zorlayacağınız tüm alanlarda kullanma imkanı tanıyor.

Hijyenik yapısı, alternatifli yüzey seçenekleri, geniş kullanım alanları ve sürdürülebilir üretim teknolojisi ile tasarlanan NG Stone; leke ve kimyasallara, termal şoka, neme, UV ışınlarına, çizilmelere ve aşınmalara karşı son derece dayanıklı formuyla seramik sektöründe inovasyonun sınırlarını zorluyor.

Making durability, aesthetics and innovation a part of life, NG Stone transcends the boundaries of ceramics with it's user-friendly features.

NG Stone, the masterpiece of NG Kütahya Seramik, comes to life in the factories with the largest indoor granite ceramic production capacity in Turkey.

NG Stone Porcelain Slabs, which has 160x320 cm and 80x320 cm dimensions, 6 mm and 12 mm thicknesses and is the choice of those who want to meet a brand new experience out of the ordinary, allows you to use it in all areas where you can push your imagination beyond the standards of ceramics with it's usage areas such as countertops, sinks, kitchen cabinets and TV backsplashes, especially indoors and outdoors.

Designed with a hygienic structure, alternative surface options, wide usage areas and sustainable production technology, NG Stone pushes the boundaries of innovation in the ceramic industry with its highly resistant form against stains and chemicals, thermal shock, humidity, UV rays, scratches and abrasions.

The background of the image is a highly detailed, marbled porcelain slab. The pattern is complex and organic, featuring a mix of light beige, off-white, and pale grey tones. Interspersed throughout are veins of a darker, muted grey and thin, delicate lines of a golden-brown or tan color. The overall effect is reminiscent of natural stone like marble or granite, but with a more uniform and controlled appearance. The texture appears smooth and polished.

The background of the image is a close-up of a porcelain slab with a marbled pattern. The colors are primarily light beige and off-white, with intricate, vein-like patterns in shades of tan, gold, and light brown. The texture appears smooth but with natural-looking variations in tone and pattern.

The background is a dark, almost black, marbled surface with intricate, irregular white and light grey veins. The veins vary in thickness and direction, creating a complex, organic pattern. The overall appearance is that of a high-quality, dark-toned marble or stone.

EMERALD GREEN

House of Cards
★★★★★ 2013 (IMDb) 1 Season (TV-14)

Sharks gliding ominously beneath the surface of the water? They're a lot less menacing than this Congressman.

This winner of three Emmys, including Outstanding Directing for David Fincher, stars Kevin Spacey and Robin Wright.

Because you watched Orange Is the New Black

Because you watched Red Lights

The background of the image is a detailed, high-resolution photograph of a marbled porcelain slab. The pattern is complex and organic, featuring a base color of dark charcoal grey. Overlaid on this are numerous veins and blotches in shades of light grey, off-white, and a subtle, earthy brown. The veins vary in thickness and orientation, some running horizontally across the frame, others curving or branching out. The overall effect is one of natural, stone-like texture and depth.

The background of the entire image is a close-up of a light-colored, marbled porcelain slab. The pattern consists of soft, organic, wavy veins in shades of light grey and off-white, creating a natural stone-like appearance. The veins vary in thickness and direction, some running diagonally across the frame.
